

City of Jamestown Vacant Rental Program

New York State
Homes and Community Renewal

Guidelines and Application

OVERVIEW OF PROGRAM

A. Purpose of Program

The purpose of the Vacant Rental Program (VRP) is to provide financial assistance to eligible property owners with a vast variety of home repairs to allow for occupancy. These repairs are intended to bring the home up to proper housing standards as defined by the current New York State and City of Jamestown Building Code.

Properties that receive funding through this program are intended to be rented out to income eligible tenants.

Properties that receive funding through this program are intended to be owned and rented for at least 10 years. The lien is transferable to new ownership under the same guidelines and requirements.

Source of Funds

This program is funded by New York State Homes and Community Renewal.

B. Funding Structure and Awards

There are two types of award opportunities through NYS VRP. A standard award can assist with up to \$50,000.00. Household income for new tenants must meet the HUD guidelines of 80% Area Median Income. An enhanced award can assist with up to \$75,000.00. Household income must meet the HUD guidelines of 60% Area Median Income.

There is no match requirement for this program. The property owner must ensure the scope of work remains within the funding threshold or can provide proof of funding to finance the remaining amount of the project.

Awards will be determined based on the attached rubric.
